G. D. McKean's note, a part of local school fund, \$350 00

Early in the year we paid one note held by Mrs. Stone against the town, amounting, April 2, 1900, to \$331.30.

We have since paid the note held by the School District treasurer, comprising the Nos. 1 and 2 School District funds, which were drawing 6 per cent. interest, which amounted, February 15, 1901, to \$186.22. An agreement was then made with the School Board, whereby we again took this fund into the hands of the town, giving a note therefor bearing interest at 4 per cent. By doing this we thought the town would be able, directly after town meeting, to pay the other note held by Mrs. Stone, thereby cancelling all our indebtedness except the funds which are held in trust for school purposes.

The trust funds of Mrs. Joseph Clough, of \$50.00, and interest of \$7.53, is still deposited in Lisbon Savings Bank, no part of the interest having been expended during the year.

REPORT OF THE SCHOOL BOARD.

Another year of school has passed into history, and now for a retrospective view of it.

We have employed thirteen different teachers. Most of them did excellent work and took an interest in all things concerning school work, while some, we are sorry to say, did not prove entirely satisfactory.

One thing we are sorry to see is the irregular attendance. The sum total of the half-day absent marks is 1693, an average of twenty per scholar. The Scotland, or District No. 1, leads in this, having a record of 498 absent and seventy tardy marks. The other Districts are also down for a share, coming in the following order: No. 3, 388 absent and 13 tardy; No. 2, 273 absent and 14 tardy; Center, 249 absent and 23 tardy; No. 4, 227 absent and 4 tardy; No. 5, 58 absent, (one term). This is deplorable. If the parents would try and inculcate into the minds of their children the needs and advantages of a good education, and exercise some influence on the right side, we think it would be to the advantage of both school and parent. Of course, in case of sickness the excuse is sufficient, but in most cases there is no excuse at all, and we sincerely hope in the future there will be a better attendance in the schools.

We have been annoyed at South Landaff by what, we suppose, the perpetrator calls jokes. We might regard them as such for a while, but it is an old story after a year or more. It is a disgrace to any community to permit such cowardly tricks as were perpetrated while Grace Noyes was teacher there. It is time this thing stopped. We hope the tricksters will see the thing in a different light and cease. There is, in some instances, too much friction between the parents, pupils and teacher. We would like to see this done away with and all things move harmoniously.

We have shingled one side and patched the other of the Scotland school house at an expense of \$27.00, and fenced one side and one end of the yard at the Blue school house, and we have added some new maps to five of the school houses.

We have cleaned the stove pipes at the Blue and Scotland school houses and patched the plastering in both houses.

We have hired the scholars carried from the Ireland District to the Center for the Fall and Winter terms. This winter we hired all the pupils from Foster Hill carried to the Blue school house, but only one from there has attended school this winter. Three scholars from Whitcherville attended school in Benton.

ROLL OF PERFECT ATTENDANCE.
